

Accommodation проживание

We can offer accommodation in newly refurbished rooms in the guest student hostel of MGU right in the main building. All rooms have showers and separate toilets and can be equipped with television, fridge and phone upon request. Every floor has its own kitchen and a room for conversation and meetings. A 24h reception and phone service for in- and outgoing international calls together with proper security measures (all the university buildings require an entry pass) ensure a safe and pleasant stay. Laundry, dry cleaners, clothing and shoe repair shops are inside the campus close to the hostel.

Living with a family в семье

If you want to experience living with a Russian family, we can offer home stays in the neighborhood of the university including accommodation in a separate room and breakfast.

As a member of the family you are expected to take an active part in their family life. During the summer excursions to their dacha and fieldwork on weekends is not uncommon.

Food and drink питание

There are four university cafeterias/restaurants that offer breakfast and dinner from 8 a.m. until 8 p.m. Both typical Russian dishes such as soups (Schi, Soljanka, Borsch), fish and meat are being served as well as European-like meals. Prices are moderate at 2 to 4 USD for a main course. Quality has improved a lot over the last years and is comparable to western European university cafeterias. However, you won't always find knives. In a newly opened restaurant and in some cafes, high quality food with good service is provided, but significantly more expensive.

Russian in Moscow *русский язык в Москве*

After perestroika and glasnost, Russia is now ready for visitors and businessmen to be discovered. The history of this century is profoundly marked by the destiny of the biggest country changing so drastically from communism to a market economy. Moscow as the capital plays the key role in this transformation. New shops and restaurants open everywhere in the streets and change the gray of the buildings of social realism into joyful and glittering colors of capitalism. Moscow is not only the center of power but also starting point for travel throughout the country. Is there any other place to meet past and nowadays culture and the very soul of Russians than in their capital?

Language courses at MGU курсы русского языка в МГУ

We are delighted to invite you to the famous Lomonosov-University in Moscow to be a guest of the Russian Language Center headed by Prof. Pautov. Moscow State University (MGU) is the biggest and oldest University of Russia, founded in 1755 by the poet and scientist Mikhail Lomonosov. More than 30000 students are nowadays enrolled at 16 different departments. MGU was the alma mater of many famous artists, politicians and scientists, such as Mikhail Gorbatshev or Jegor Gaidar. The campus is beautifully located in the middle of a huge park at the periphery of the city on the former Lenin hills, a 15-min. metro ride from the Red Square. The main building is 240m high and built after World War II in the typical Stalinian style. Included in the large campus are many libraries hosting more than 6 million books and magazines, kiosks, banks, a hairdresser, cinemas, theaters, sport and leisure facilities. The Russian Language Center offers courses of all levels. Subjects can be chosen from standard grammar, conversation, phonetics, or literature to more specialized subjects such as Russian for scientists, teaching Russian, Russian law, business Russian etc. Teachers have many years of experience with foreign students.

Every year, more than 300 students are enrolling in a variety of courses, mostly from the US, Asian and Western European Countries. The Russian Language Center is equipped with modern facilities such as language laboratories and classes are mostly individual or in small groups. Individual classes guarantee maximum efficiency for individual needs and are therefore highly recommended. A recognized certificate from MGU is issued to all participants after successful completion of classes. Students with advanced language knowledge can also enroll at MGU to take courses in all other subjects offered by 16 different departments. If you are not able to attend courses at the university, your teacher can come to your home/work place with little extra cost.

Individual classes can start at any time of the year. Small-group courses (3-6 people) are only offered to previously formed groups. We can also offer group tuition for larger groups with custom-built schedule and content. Don't hesitate to contact us early.
